Mid Year Report – January 2015

ATOS Technical Experience

We presented the 2014 ATOS Technical Experience from August 11th through 14th. The subjects presented were rebuilding tremulants and winding system theory. We had 14 participants in attendance. Instructors were Carlton Smith, Clark Wilson, Justin Nimmo and Allen Miller.

By my accounting the total costs for the 2014 Seminar were \$7,725.00. The tuition of the 14 participants at \$385.00 each was an income of \$5,390.00. Leaving a cost to ATOS of \$2,335.96. However, donations made specific toward the 2014 Technical Experience according to information provided me by Mike Hutcherson indicates an additional income of \$1,615.00. So the end cost to ATOS was \$720.96.

| | |
|--|------------------|
| Instructor Fees, lodging, travel and all materials | 7725.96 |
| Tuition form 14 participants @\$385.00 each | <u>(5390.00)</u> |
| Sub Total ATOS costs | \$2335.96 |
| Total donations specific to this program | <u>(1615.00)</u> |
| Total cost to ATOS for this program in 2014 | \$720.96 |

Respectfully submitted,
Carlton B. Smith, ATOS Director
Chairman of the ATOS Technical Committee
January 12, 2015
